

## SEEN, HEARD AND TOLD

(By Andrew Whitaker)

I don't know about the rest of you, but I am glad that Christmas has come and gone.

Speck Davis had on exhibition on the Square Tuesday a couple of truck loads of whiskey, wine, beer, etc. that he had confiscated during his term of office. After letting people look at it and take pictures of it, he destroyed it.

When told that Speck Davis was going to destroy that licker, Mr. Austin immediately thought of a better thing to do with it!

Bryan Baker commenting on the load of licker said "I know a fellow that has spilled that much on his neck tie."

If this seems like a sorry paper this week, it is probably due to the fact that Mrs. Whitaker, with Mrs. Frank Gerard has been at Hot Springs, Ark. all week.

I guess, now that her father has passed away, Miss Lizzie Horn will seem lost. This fine woman has devoted her life to the children of Grenada and to her parents.

Miss Hattie Hammond came in and sent the GCW to Miss Estelle Turner (my English teacher) of Durant, as a Christmas present.

I have a ways been fond of the two above-named ladies. I know that I will give both of them a hard time!

Mrs. A. C. Vickery of Ho'comb came in last week and had us send the GCW to three of her children as a Christmas present. She also told me that all of her children were home this Christmas for the first time since 1941. Her oldest son, John Vickery is now a Lt. Colonel. Mr. and Mrs. Vickery make their home with her brother, Mr. Cecil Jacks.

Mrs. Earl Staten of Osberry also came in and renewed for herself and sister, and mother.

The YFW Club will hold its annual New Years party this Saturday night, December 31st, for members and their guests.

Welcome to Mrs. Asa E. Morris, sales lady at Keeton's, as a new subscriber.

William Nicholson of Little Rock, Ark. was in Grenada during the holidays, and while here got his date on subscription set up a year.

I am holding my fingers crossed, but it seems like Sidney Russell has corrected that interference that has been giving us so much trouble down in our section of town.

Dizzy Billy Horton is still going strong.

To all our friends  
...both old and new.

## Rotary Courtesy Contest Winners Announced

Miss Fae Chapman and Miss Bervil Elder are the winners.

The Grenada Rotary Club Contest Committee announced today the winners of the Courtesy Contest sponsored by the Club during the holiday season. The purpose of the contest was to focus attention upon the very good quality of the sales people working in the various business houses in Grenada; and to demonstrate the appreciation by the sales people for the kindness and courtesy of the buying public in the Grenada trade-area.

The Sales Person submitting the winning entry was Miss Fae Chapman of 946 Fairwood Drive, Grenada. Miss Chapman is an employee of the TWL Store in Grenada, and submitted as her "Favorite Customer" Mrs. B. J. Anderson, Sr. of Grenada. Miss Chapman's winning entry is as follows:

"My favorite customer is Mrs. B. J. Anderson, Sr. She comes in with a smile and greetings for every one. She knows what she wants and if we have it she buys it and with a friendly word or two goes on her way. But if she doesn't find what she had planned on, she quietly selects something else.

"If we are busy she shops and takes her turn with the other customers. She never complains about the price of an article. She treats the sales person with such courtesy that serving her is a genuine pleasure.

"Fae Chapman, 946 Fairwood Drive Grenada, Miss."

The customer submitting the winning entry was Miss Bervil Elder of Grenada. She wrote a letter of commendation for Mrs. Zora Willingham of Bay's Beauty Shop in Grenada.

Her winning entry follows: "Aside from Mrs. Willingham being one of the best operators I've ever known, she constantly demonstrates kindness and helpfulness to her customers even though by her efficiency alone she wouldn't have to look for business.

"Once she had the nerve to call me and ask me to take an appointment at a different time in order to accommodate a lady who was going out of town and didn't have time to wait for an appointment.

"Again she missed a program she had planned big on attending to accommodate a rural woman who did not have an appointment and who couldn't come to town anytime.

"Submitted by Bervil Elder."

Mr. and Mrs. Travis Clark and children Elizabeth and Travis Jr. spent Christmas Day and Monday with Dr. and Mrs. H. T. Rogers and family.

## Sheriff S. L. Davis Thanks People of Grenada County

To The People of Grenada County:

Four years ago when I campaigned for sheriff, I promised you that if elected I would conduct the office in such a way as to promote law enforcement, respect for the law and decency in Grenada County and reflect credit and honor on our people. I have remembered my promise to you during the four years I have been your sheriff and in every official act have endeavored to prove worthy of your confidence and trust. The oath which I took to uphold the law has been kept to the very best of my ability. That oath has been my guide every day I have served you.

I believe that my administration has been good for Grenada County and we have proved that our people want a just and impartial administration of the law. I said "we" had proved it because it was the combined efforts of your sheriff, his assistants and the law-abiding citizens of the county who made it clear that most of us want our county to be clean, respectable and wholesome.

I will always be grateful for the help that you people have been to me. Not only those who voted for me but many who did not have offered me help and encouragement and to their support I attribute the best results of my administration.

It has been an honor and privilege to serve you as your sheriff and because I am interested in the continued progress of Grenada County I hope that you will give my successor the same support you gave me so that the law-abiding will have nothing to fear and the lawless will have no license to defy our laws.

Sincerely,

S. L. "Spec" Davis, Sheriff.

## Southern Bell Makes Big Progress In 1955

Telephone service was expanded considerably in Grenada during 1955. A total of 117 telephones were added, according to H. M. Stanfill, Manager of the Southern Bell Telephone Co.

This marked a continuation of the largest telephone expansion program ever undertaken here. During the last ten years, the number of telephones here has been increased from 1437 to 2829, an increase of 96 percent, which is indicative of the economic growth of the area. As that growth continues, Mr. Stanfill pointed out, the demand for telephone service is expected to continue.

Morris, Jr. and Jack Morris of Grenada; three daughters, Mrs. Emma McDaniels of McCumb, Mrs. Howard Kneiff of Houston, Texas and Mrs. Clyde Jacks of Pasadena, Texas. One brother, Mr. Henry W. Morris of Lumberton, Ark. and six grandchildren.

To the bereaved we extend sympathy.

## New Tax Law Goes Into Effect January 1st

Effective January 1, 1956, an estimated 2555 additional employees in non-exempt industry in Grenada, Calhoun, Montgomery, Tallapoosa and Yalougha Counties will become subject to the payroll tax imposed by the federal unemployment tax act, according to Robert Priskack, Executive Director of the Mississippi Employment Security Council.

As a result of the new law, employers will be required to withhold a percentage of the wages of their employees and to contribute a percentage of the wages of their employees to the federal unemployment fund. The new law will also require employers to report the names and addresses of their employees to the federal unemployment office.

Mr. Priskack said that the regulations and reporting requirements of the commission will apply to newly liable firms, most of which will be immediately eligible for modified tax rates depending on how long they have been in business. This results from Mississippi's payroll variation type of experience rating which allows the use of non-covered payrolls in establishing the experience rating which allows the use of non-covered payrolls in establishing the experience period on which the tax rate is based.

An economic administration of the provisions of the law will require cooperation of employers with the Commission and its representatives with respect to furnishing information and reports as needed immediately following January 1, 1956. Representatives of the commission will contact individuals and firms in order to secure proper registration of liable employers. These representatives will furnish all necessary information regarding the new provisions and will offer assistance to new employers in the examination of payroll records to determine whether or not such individuals or firms are liable under the law, said Mr. Priskack.

A number of large construction projects were completed during the past year and others are now in the construction-planning stage. Principal among these were the addition of large amounts of cable over the entire city, the addition of 200 multiple jacks, or "numbers" to the central office capacity, and the Camp McCain rural project.

Grenada's telephone expansion during 1955 was part of a state-wide program which during the year added 16,000 telephones to the Southern Bell exchange throughout the state. The projects cost approximately \$15,000,000 to provide service to the urban and rural areas.

Telephone service was extended to a large number of rural areas previously without telephones. All told

and then slowly but confidently turn  
faces toward the future. We hope  
everyone received exactly the size

though that would be quite impossi-  
ble. One thing we might have re-  
ceived, and found it with lasting  
value, and that is we may have learned  
we shouldn't SPEND Christmas  
but rather we should SHARE Christmas  
and in that way we could KEEP  
Christmas with us a little longer.

Starting fires with kerosene is a-  
gain this year taking a tremendous  
toll of lives, most women and chil-  
dren. Most survivors will say "I just  
didn't think" but there has been  
many millions of words printed a-  
bout the deadly dangerous substance  
of kerosene (coal oil) that one would  
think of the hazard of it when he  
picked up the old can and started  
to pour. But here is good news. They  
have found a fire starter that is  
harmless and inexpensive. The firm  
of Hibbit Incorporated, Stonington  
Conn. advertises a substance that can  
be squeezed out of a tube that will  
start a fire instantly and harmlessly.  
It contains no odor, no explosive,  
won't back-flash or explode and a  
tube to start 25 fires cost 89c. Would-  
n't it be worthwhile for some organ-  
ization with a desire to contribute  
some real service to mankind to start  
a campaign of advertising this  
harmless fire starter, and better still  
accept donations to buy a tube and  
tie it onto the handle of every kero-  
sene can in the country, as the cus-  
tomer comes in to buy kerosene the

**Being a Hypocrite**  
Lesson for January 1, 1966

**NOBODY** ever began his list of  
New Year's Resolutions with  
this: "I resolve this year to be a  
hypocrite." Nobody wants to be a  
hypocrite, no one loves such a  
person. As if they were not al-  
ready detested enough, Jesus shot  
at them his most piercing sar-  
casms. The pathetic thing is that  
even the best people can slip into  
hypocrisy without knowing it. Since  
Jesus "told off" the hypocrites of  
Galilee very plainly, we can see  
just what it is that makes hypo-  
crites what they are, and be  
warned.

**Showy Stuff**  
Jesus condemned the Pharisees  
for being concerned with the looks  
of things most of all. As he put it,  
they cleaned up the outside of the  
cup and the platter but the inside  
was left dirty. They themselves,  
he said, were like graves over  
which men walked without know-  
ing they were there. Outside, they  
were a grassy park. Down under,  
inside, they were nothing but de-  
cay. The other day a bulldozer  
turned up four little coffins under  
what is now an airport. Nobody  
had guessed those bodies were  
under the grass. The first thing  
any one asked, after, "Who were  
these?" was "Where shall we  
put them now?" It turned out that  
the four little bodies, buried a  
century ago, belonged to one  
family; and one living relative  
could be found—but she did not  
even want to look. Let them be  
put under grass somewhere else,  
hide them as soon as possible.  
Well, there are characters like  
that. Cover all the dead stuff  
with something pretty—whatever  
looks right is right . . . Keep  
thinking that way, live that way,  
and you will be a hypocrite too.

**Trifling Stuff**  
Another count against the Phar-  
isees was that they spent so much  
time and energy on little things  
that they missed the greater  
things that a truly good life will  
have. You could see Pharisees  
out in their back yards counting  
their mint-leaves. Every tenth  
leaf belonged to the Lord, they  
said; every tenth bean, every  
tenth lettuce-leaf, and so on. But  
leaf-counting took up too much  
of their time. Justice? The love  
of God? They had no time for  
it. They were too busy with mint-  
leaves. Now it is good to be con-  
scientious about tithes; Jesus had  
nothing to say against that in it-  
self. But it is rather interesting  
that the only times when Jesus  
mentioned tithing, he condemned  
the people who did it.—Not for  
doing it, but for supposing that  
that was the main thing in re-  
ligion. When Jesus picked out  
something on which all the "law  
and the prophets" hang, a kind  
of nail holding up the rest of the  
Bible, he picked something big:  
Love to God and love to one's  
neighbor.

**Old Stuff**  
Another way to be a hypocrite  
is to be so much interested in the  
past that you do not apply re-  
ligion to the present. In Jesus'  
vivid language, the hypocrites  
built the prophets' tombs, but  
they were children of those who  
had murdered the prophets, and  
they were the people who would  
murder Jesus himself. They hon-  
ored the prophets of the past; but  
prophets of the living present they  
could not see and did not honor.  
It is an ancient and still strong  
temptation. There are persons  
in America who are very proud  
of ancestors who crossed the  
ocean to worship God freely; but  
who themselves will not cross a  
wet street to go to church. There  
are persons proud of their revo-  
lutionary ancestors, who attack  
with every weapon of slander any  
one who has any proposals for  
change today. Revolution in the  
18th century—fine!

Revolution in the twentieth cen-  
tury—horrible! There are people  
who wish to preserve every line  
of some historic creed and shout  
down every one who has the least  
suggestion of change; they for-  
get that the creed-makers they  
honor were themselves radicals,  
innovators, dangerous men in the  
eyes of their time. A church that  
becomes a preserver of antiqui-  
ties, a historical society, and  
nothing more, with nothing to say  
to now, is a church the Pharisees  
would have loved . . . but not  
Jesus.

Buick's 1956 power-packed CENTURY hardtops—the 2-door Riviera, Model 66R (at top), and the 4-door Riviera, Model 63.

It's practically no effort at all for a sprinter to walk.

It's a breeze for a weight-lifter to pick up a child.

And so it is with the 1956 Buicks in cruising—for these are the mightiest powered Buicks yet built.

Take the '56 Buick CENTURY pictured here.

It's almost a loaf for this beauty to cruise a superhighway at a legal 50 mph. At that point it's using less than 10% of its pedal-to-the-floor power.

And that's just the reason for the record-high power and compression ratio in your big 322-cubic-inch V8 engine. You and your engine can take it easy so much of the time.

You have no qualms about the response at your command. Your power plant has no need to breathe hard—so it saves gas, stays young, lasts longer.

So when you take the wheel of a '56 Buick, you take it easy, and still lead the parade.

You know you can call out the reserves with a touch of your toe.

And you find you silk through a whole day's driving

with the flowing ease of today's new Variable Pitch Dynaflo.\*

For not only does this advanced new Dynaflo give you stepped-up gas mileage and brilliant new getaway response at only part throttle. Not only does it permit you to switch the pitch for full-power safety-surge take-off.

It also gives you absolute smoothness in acceleration and deceleration like you get in no other car in the world.

Drop in on us this week for a sampling of the best performance yet—and for a firsthand look at what else goes with the best Buick yet.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
